Undergoing Examination.

The Gelder mine west of town owned by Henry Welland and John Bingham is undergoing examination by F. L. Peer pending the purchase of same. It is claimed by the owners that there are 1500 tons of ore on the dump and five times that amount blocked out in the mine ready for extraction which runs little better than \$30.00 per ton, and a recent report made by a disinterested party verifies these facts. The Alps mine east of town is also undergoing examination by Mr. Peer pending sale. This mine has produced \$750,000 from the 300 ft level up an I the Yuba dike which runs through a portion of it has never been prospected.
